### PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

*Docket No. 311.*—In re L. B. Andrews Livestock Commission Co. et al., Kansas City, Mo. The Secretary of Agriculture issued an order on June 14, 1933, prescribing reasonable rates and charges to be observed by respondents for their services as market agencies. The validity of this order is in question in a case now pending in the Supreme Court of the United States. Petitioners, members of the Kansas City Livestock Exchange, have filed a petition with the Secretary of Agriculture alleging that substantial changes have occurred since 1931, the year on which the order was based, and asking for a modification of the rates. In support of these allegations petitioners have submitted exhibits setting out statistical information relating to costs and expenses. On the basis of the facts set forth in the petition, the Secretary, on October 14, 1937, issued an order prescribing new rates to be charged from November 1, 1937, to April 30, 1938, and for such time thereafter as the Secretary may need for the consideration of reports to be filed by the agencies showing results of the application of the modified rates.

*Docket No. 708.*—In re Leo Schloss, Inc., Newark, N. J. The Secretary of Agriculture on March 13, 1937, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that he had engaged in and used an unfair, unjustly discriminatory, and deceptive practice and device in connection

with the handling of livestock in commerce. A hearing was held on August 9. The examiner's report, including findings of fact, proceedings, and proposed order, was submitted on September 13 and respondent was allowed 20 days within which to file exceptions and request an oral argument. No exceptions were filed and no oral argument requested. On October 20 the respondent was ordered to cease and desist from the unfair, unjustly discriminatory, and deceptive practice and device complained of.

*Docket No. 754.—In re H. D. Beal and Son, Big Spring, Tex., v. Wertheimer Cattle Co., South St. Paul, Minn.* Complainant sought an award of damages against respondent in the sum of \$27,120.62, by reason of respondent's failure and refusal to pay said sum of money as the balance due on the agreed purchase price of 647 head of cattle which complainant sold to respondent on December 1, 1936, and delivered to it on December 10. A hearing was held on May 17, 1937. The examiner's report, including recommended findings of fact, conclusions, and order, was submitted to respondent on August 12. No exceptions were filed. From all the evidence, the Secretary finds that complainant is entitled to an award of damages; therefore, on October 20 the Wertheimer Cattle Co. was ordered to pay, on or before November 15, 1937, to H. D. Beal and Son and any person holding a recorded lien upon the cattle on December 10, 1936, the sum of \$27,120.62, with interest at 6 percent from December 10, 1936, until paid.

*Docket No. 849.—In re Schonzeit & Co., New York, N. Y.* The Acting Secretary of Agriculture on June 10, 1937, ordered that a hearing be held to allow the applicant an opportunity to show cause why its application for a license to buy, sell, and handle live poultry in commerce should not be denied. On the date and hour fixed in said order for a hearing, no one appeared on behalf of the respondent. The Government accountant testified that he had communicated with Charles Schonzeit, one of the members of applicant company, and had been informed that he had purchased his partner's interest in the firm and would cease operations, therefore, his application for a license could be considered abandoned. On October 4, 1937, the case was dismissed.

*Docket No. 897.—In re Getz Poultry & Egg Corporation v. Julius Kastein, Inc.* It appears that the matters and differences between the above-mentioned parties have been compromised, adjusted, and settled, and complainant has requested that it be permitted to withdraw the complaint; therefore, on October 22, 1937, the case was dismissed.

*Docket No. 909.—The Fort Worth Poultry & Egg Co. on September 23, 1937, made and filed a petition for severance, which motion was denied on October 12. Swift & Co. on October 1 made and filed six motions for the dismissal of the complaint, alleging separate grounds in each motion. These motions were denied on October 14. The Fort Worth Poultry & Egg Co. on October 4 made and filed a motion to dismiss the complaint, which was denied on October 15. Wilson & Co. on October 4 made and filed a motion for severance, which was denied on October 15. Armour & Co. on October 4 made and filed two motions to dismiss the complaint, separate allegations being made in each motion, which were denied on October 15. The Fort Worth Poultry & Egg Co. on October 4 made and filed a motion to render complaint more definite and certain in respect to the matters pointed out therein. This motion was denied on October 15. The Western Produce Co., Inc., and the Amarillo Poultry & Egg Co. on October 4 made and filed a motion for severance, which was denied on October 15.*

*Docket No. 938.—In re Lincoln Poultry Mart, Chicago, Ill.* The Secretary of Agriculture on September 14, 1937, ordered that a hearing be held to allow applicant an opportunity to show cause why its application for a license under title V of the Packers and Stockyards Act should not be denied. The hearing was held on September 20. As the applicant is no longer handling live poultry in commerce, the case was dismissed on October 28.

#### POULTRY LICENSE ORDERS

During the month of October, orders were issued granting licenses to the following:

*Docket No. 828.—In re Ben Hasenfratz, Brooklyn, N. Y.*

*Docket No. 884.—In re Hudson Live Poultry Market, Hackensack, N. J.*

*Docket No. 700.—In re M. Rosen Live Poultry Co., Inc., New York, N. Y.*

#### ST. LOUIS DESIGNATED AS LIVE-POULTRY MARKET TO COME UNDER UNITED STATES SUPERVISION

St. Louis, Mo., has been designated as a live-poultry market subject to Federal supervision under the provisions of title V of the Packers and Stockyards Act. The order, which was signed by the Secretary of Agriculture on October 4, 1937, states that on and after November 19, 1937, all persons or firms in St. Louis engaged in the marketing of live poultry in interstate commerce are required to hold a license signed by the Secretary. This market will, after the effective date, be placed on the same basis as the seven other markets which have been designated as live-poultry markets subject to the provisions of the Packers and Stockyards Act as amended. The new order is the outcome of a recent public hearing, of investigations by the Department, and of other evidence showing the need and desirability of Federal supervision over live-poultry marketing in St. Louis.

#### STOCKYARDS POSTED

The following stockyards were posted during October 1937 as coming within the jurisdiction of the Packers and Stockyards Act:

San Antonio Horse & Mule Market, San Antonio, Tex., October 11.

#### INFORMATION CONCERNING CLAIMS ARISING FROM INJURIES

The attention of all employees of the Bureau is called to Personnel Circular No. 54, issued by the Department on October 15, 1937, which reads as follows:

#### THE DISCLOSURE OF INFORMATION PERTAINING TO CLAIMS ARISING FROM INJURIES IN WHICH THE UNITED STATES HAS AN INTEREST IS PROHIBITED

On July 10, 1937, the United States Employees' Compensation Commission adopted an amendment to its regulations prohibiting the disclosure of information contained in files, records, statements of witnesses, medical or other reports pertaining to claims arising from injuries in which the United States has an interest.

All officials and employees of the Department of Agriculture are hereby instructed to observe the following amendment to the regulations of the United States Employees' Compensation Commission:

"Pursuant to the provisions of section 32 of the act of September 7, 1916 (39 Stat. 749), the Commission adopts and promulgates the following regulations:

"All files, records, statements of witnesses, medical and other reports, and papers pertaining to any injury sustained under circumstances involving a party other than the United States, in which the United States has a subrogation or pecuniary interest, shall be deemed confidential and no disclosure thereof shall be made, except with the approval of the United States Employees' Compensation Commission.

"No official or employee of a Government establishment who has investigated or secured statements from witnesses and others pertaining to a claim for compensation, or any person who has the custody of such investigations or records, shall disclose information pertaining to such records to any person without the approval of the United States Employees' Compensation Commission. Employees have no control over such records or information with respect to permitting the use of same for any other than official purposes, except in the discretion of the Commission.

"Employees or custodians of records are hereby prohibited from presenting such records of information in court, whether in answer to a subpoena duces tecum or otherwise. Whenever a State court subpoena shall have been served upon them, they will appear in court and respectfully decline to present the records or divulge the information called for, basing their refusal upon this rule.

"In all cases where a Government employee is requested to testify in regard to matters of an official or confidential character, knowledge of which has been acquired in his official capacity, he shall respectfully decline to answer. If his reasons are requested by the court or body conducting the hearing, he shall courteously state that the matter is privileged and cannot be disclosed without the specific approval of the United States Employees' Compensation Commission, citing this rule."
